

REIKI II PRACTITIONER CERTIFICATE

REQUIREMENTS

If you wish to qualify as a Reiki practitioner, certified by this centre, you first need to complete and send in some case studies. This is for your benefit, so that you can gain sufficient experience and confidence before you start seeing paying clients.

The case study requirements are listed below – in each case I only need brief notes on what you were treating, which symbols you used and where, your notes during and following the treatment and any feedback from recipients.

- 1) Written report of 1 healing session on yourself with details of the physical condition or mental attitude being treated and the results.
- 2) 2 reports on a series of treatments given to 2 different people*, together with 2 written comments from recipients about what they experienced while receiving the Reiki treatment from you and the results afterwards.
- 3) Comments from yourself and/or owners on 1 Reiki treatment of an animal.
- 4) Your notes about 1 healing of the earth or a world situation. (If you prefer, you can choose to do this one for your corner of the earth or a local situation).

* You can either give an overview of the treatments, or details of one key session in the series.

If you have any questions while completing your case studies, please raise them on our on-line Reiki_Share group: http://health.groups.yahoo.com/group/reiki_share/.

Have a look through the message archive first, as your question may have been discussed before. You'll find plenty of support and inspiration amongst our members, who are a mix of Reiki I, II and III people who have learned Reiki with me either in the York or Brighton area.

If you need to contact me personally while completing your case studies, please send your email to: info@bronze-dragon.com.

When your case studies are complete, please post them, *with an A4 SAE* to Susanna Bellini at:

Bronze Dragon International
St John's House
2 St John Street
York YO31 7QT

IMPORTANT: Please send your Reiki II case studies well in advance of when you need to receive your certificate - in case you need to do further work, and in case Susanna is travelling.
